

# WOOD PROCUREMENT AND CHAIN OF CUSTODY POLICY

Mistik Management Ltd. is committed to ensuring the delivery of responsibly-managed wood to its two shareholders Meadow Lake Mechanical Pulp Inc. and NorSask Forest Products LP. Through its purchase wood procurement processes, Mistik will avoid sourcing wood from the following categories:

- \* Illegally harvested wood
- \* Wood harvested in violation of traditional and civil rights including the ILO Declaration on Fundamental Principles and Rights at Work;
- \* Wood harvested in forests where high conservation values are threatened by management activities;
- \* Wood harvested in forests being converted to plantations or non-forest use;
- \* Wood from forests in which genetically modified trees are planted;

All wood that is sourced from areas that do not meet all of the above conditions will be designated as uncontrolled wood. Mistik is committed to ensuring that chain of custody procedures are implemented to ensure that all uncontrolled wood is segregated and does not enter the certified or controlled wood supply chain.

Mistik will provide the tools and training to promote employee and contractor understanding and achievement of our wood procurement and chain of custody policy.
